

A snapshot of the big picture...

# AVM-Lite

Now you can offer customers a quick look at a property's value for less with AVM-Lite. It provides a snapshot of a property's valuation, minus the cost of a full AVM report or an appraisal.

AVM-Lite reports include a property's estimated value, estimated value range and a confidence score.

Credit Plus returns one or more of the best-performing AVM-Lite reports within seconds by cascading across six of the industry's most respected AVM models.

Simply enter a street address and ZIP code, and AVM-Lite will deliver optimum valuation results. The cascading approach greatly increases your hit rate and accuracy.

## A quick look for less.

### THE REPORT OFFERS THESE KEY BENEFITS:

- Gives market value results from a single request within seconds.
- Helps determine if the current market value warrants going forward with a more expensive uniform residential appraisal report.

Upgrade from AVM-Lite to a full AVM report within 30 days and only pay for a full AVM.
